

## FIND SYNERGY

Developed from the highest quality resources to ensure safety and an effectively potent formula.

**Omega-3s** help maintain normal levels of HDL ("good" cholesterol) and LDL ("bad" cholesterol), which keeps excess cholesterol from building and triggers the brain to send proper signals to the circulatory system.

Buildup of plaque → Hardening of the arteries → Reduced blood flow

**CoQ10 ER** is a powerful antioxidant that helps fight oxidative stress in the blood vessels, leaving them clear for proper blood flow.

**Vitamin K2** helps to direct calcium to the bones and teeth, where it belongs, keeping the calcium from attaching itself to the arteries.

**Fertilized Avian Egg Extract** stimulates stem cells, allowing each of the other ingredients in Laminine OMEGA+++ to perform their function effectively.

## DO YOU EXPERIENCE...

- Heart discomfort?
- Chest discomfort?
- Occasional coughing or wheezing?
- Lack of appetite and/or queasiness?
- Slow recovery following exercise or other activity?

Combined with Laminine, Laminine OMEGA+++ targets these symptoms by focusing on the epicenter of our bodies - the area whose strength is essential to us feeling youthful, healthy, and at our very best - the circulatory system.

## WHAT IS Laminine® OMEGA+++?

Quality • Potency • Safety • Proprietary

Laminine OMEGA+++ is unique in its use of only the highest quality sources for Omega Fatty Acids 3 (EPA and DHA), 6, 9, CoQ10 Extended Release, Vitamin K2, along with an added boost of the Fertilized Avian Egg Extract, and combines them into one supplement.

## THE EQUATION IS SIMPLE

The most valuable asset we each have is our health. All the success in the world won't hold much value without it. To that same token, when we have our health and are truly at our very best, we can become successful in all aspects of our lives - personal, professional and financial.

### GOOD HEALTH STARTS WITH:

- A healthy diet
- Adequate physical activity
- Balanced stress levels
- Proper sleep regimen

But is it enough?

How do you begin to build the foundation for good overall health?

### CIRCULATORY HEALTH

The foundation to good overall health begins with good circulatory health.

A healthy circulatory system provides:

- Optimal blood flow to the brain and organs
- Optimal blood flow to the heart
- Rapid recovery following exercise or other physical activity

Without the circulatory system, the body would be unable to fight disease effectively or maintain a stable internal environment, known as homeostasis.

### HOW DO YOU IMPROVE YOUR CIRCULATORY HEALTH?

LifePharm Global Network's flagship product, Laminine®, is the foundation of optimum health.

Building upon that foundation, LPGN has combined a unique blend of ingredients whose individual benefits have been well documented to create Laminine OMEGA+++.

Laminine OMEGA+++ is Laminine's perfect counterpart.
